Figure 10: A sequence of 10 diagrams illustrating the construction of a 2-arc-transitive graph. The diagrams are arranged in a grid with 5 rows and 10 columns. The columns are labeled 1, 42, 43, 44, 45, 46, and then 1, 42, 43, 44, 45, 46. The rows are labeled 1, 3, 0, 0, 2, 0, 2, 3. The diagrams show various configurations of vertices and edges, with some vertices labeled with numbers (0, 1, 2, 3) and some edges labeled with numbers (0, 1, 2, 3). The diagrams are connected by arrows, indicating a sequence of transformations. The first diagram (column 1, row 1) shows a single vertex labeled 1. The second diagram (column 42, row 1) shows a single vertex labeled 42. The third diagram (column 43, row 1) shows a single vertex labeled 43. The fourth diagram (column 44, row 1) shows a single vertex labeled 44. The fifth diagram (column 45, row 1) shows a single vertex labeled 45. The sixth diagram (column 46, row 1) shows a single vertex labeled 46. The seventh diagram (column 1, row 2) shows a single vertex labeled 1. The eighth diagram (column 42, row 2) shows a single vertex labeled 42. The ninth diagram (column 43, row 2) shows a single vertex labeled 43. The tenth diagram (column 44, row 2) shows a single vertex labeled 44. The eleventh diagram (column 45, row 2) shows a single vertex labeled 45. The twelfth diagram (column 46, row 2) shows a single vertex labeled 46. The thirteenth diagram (column 1, row 3) shows a single vertex labeled 1. The fourteenth diagram (column 42, row 3) shows a single vertex labeled 42. The fifteenth diagram (column 43, row 3) shows a single vertex labeled 43. The sixteenth diagram (column 44, row 3) shows a single vertex labeled 44. The seventeenth diagram (column 45, row 3) shows a single vertex labeled 45. The eighteenth diagram (column 46, row 3) shows a single vertex labeled 46. The nineteenth diagram (column 1, row 4) shows a single vertex labeled 1. The twentieth diagram (column 42, row 4) shows a single vertex labeled 42. The twenty-first diagram (column 43, row 4) shows a single vertex labeled 43. The twenty-second diagram (column 44, row 4) shows a single vertex labeled 44. The twenty-third diagram (column 45, row 4) shows a single vertex labeled 45. The twenty-fourth diagram (column 46, row 4) shows a single vertex labeled 46. The twenty-fifth diagram (column 1, row 5) shows a single vertex labeled 1. The twenty-sixth diagram (column 42, row 5) shows a single vertex labeled 42. The twenty-seventh diagram (column 43, row 5) shows a single vertex labeled 43. The twenty-eighth diagram (column 44, row 5) shows a single vertex labeled 44. The twenty-ninth diagram (column 45, row 5) shows a single vertex labeled 45. The thirtieth diagram (column 46, row 5) shows a single vertex labeled 46.
